FROM THE PASTOR

“But seek first his kingdom and his righteousness, and all these things will be given to you as well. Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own.”

Matthew 6

One of the things that has become clear over the past couple of weeks is that we are all terrible at trying to predict the future.

However, that certainly has not stopped us and others from trying.

We can spend our days guessing what will happen in the future, but we're often wrong.

Many try to control the future by will power, wishful thinking, and anxiety.

When the future doesn't cooperate, we go back to step one thinking it will be different this time.

How would things be different for you, if instead of trying to predict or control the future, you focused on something else entirely?

And let the future take care of itself.

Because even if we don't fret, lose sleep, and worry, the future is still going to take care of itself.

All that's on us to do is to seek the Kingdom of God and do the best we can with what we have right now.

In Christ,

Rick Wey

P.S. If you are not already in a younique discipleship group, there is still time for you to join. It will help you discover what God wants for you right now.
